INTELLECTUAL PROPERTY

Software License & Technology Partner

Who built the ShareRocketPro platform, who owns the software, the brand and the data, the licences that govern it, and what you may and may not do with it.

VERSION	v2.0
EFFECTIVE DATE	18 October 2026
LAST UPDATED	18 October 2026
CLASSIFICATION	Public
STRUCTURE	28 sections - 128 clauses
DOCUMENT ID	SRP-LEGAL-SOFTWARE-LICENSE-V2.0
GOVERNING LAW	Laws of Nepal
ISSUED BY	Share Rocket Pro - Legal & Compliance

AT A GLANCE

- ShareRocketPro is owned and operated by Share Rocket Pro Pvt. Ltd. It is a NEPSE analysis and education service, not a broker.
- The platform software is designed, built, hosted and maintained by its technology partner, Lacspace Corporation Pvt. Ltd., under a signed agreement (LAC/AGR/2083/SRP-01).
- The software is Lacspace's proprietary property: licensed to Share Rocket Pro, not sold, and never open-source.
- Share Rocket Pro owns the ShareRocketPro brand and all business and customer data. Nobody sells your data.
- Copying, reverse-engineering, scraping, cloning or reselling any part of the platform is prohibited and enforced.

1. Parties & the Agreement

This notice explains the licensing behind ShareRocketPro (the "Platform"): the website, the member portal, the admin panel, the Android and iOS apps and the backend services behind them. It forms part of, and must be read together with, our Terms of Use and Copyright & IP policy.

1.1 Operator. The Platform is owned and operated by Share Rocket Pro Pvt. Ltd., a private limited company registered in Nepal (Reg. No. 354406/81/82, PAN 621237087), Madargachh-7, Jhapa, Koshi Province, Nepal ("Share Rocket Pro", "we", "us"). Share Rocket Pro runs a NEPSE market information, analysis and training business and is responsible for the service it provides to you.

1.2 Technology partner. The Platform software is designed, developed, hosted and maintained by Lacspace Corporation Pvt. Ltd., a technology company registered in Nepal (Reg. No. 377566/82/83, PAN 622468837), Bhimsengola, Sinamangal-31, Kathmandu, Nepal, and in India (CIN U46511DL2025PTC079972) (lacspace.com) ("Lacspace").

1.3 The agreement. Lacspace provides the Platform to Share Rocket Pro under the Software Development & Services Agreement No. LAC/AGR/2083/SRP-01, dated 31 Bhadra 2083 B.S. (16 September 2026 A.D.). That agreement is issued under the Lacspace Master License, Terms & Code of Conduct v2.0 and the Lacspace Client Licence v1.0 (identifier LicenseRef-LacspaceClient-1.0).

1.4 Order of precedence. Where documents differ, the signed agreement prevails, then the Lacspace Master License, then this notice. Between you and Share Rocket Pro, our Terms of Use govern your use of the service.

1.5 Confidentiality. The fees, payment schedule, recurring charges and other commercial terms of the agreement are confidential between the two companies and are not published.

2. Definitions & Interpretation

In this notice the following words have the meanings below.

2.1 "Platform" means the ShareRocketPro service in every form: the public website, the member portal, the admin panel, the Android and iOS apps, the embedded charts, the application programming interfaces and the backend services, data pipelines and infrastructure behind them, including every update, version and future module.

2.2 "Software" means all code and technical material that makes up or runs the Platform, in source or compiled form, together with its architecture, algorithms, database schemas, configuration, user-interface designs, AI prompts and integrations, libraries, packages, tooling and documentation.

2.3 "Agreement" means the Software Development & Services Agreement No. LAC/AGR/2083/SRP-01 between Lacspace and Share Rocket Pro, with the documents it incorporates.

2.4 "Customer Data" means the business data of Share Rocket Pro and the personal and activity data of its users entered into or generated within the Platform.

2.5 "Content" means courses, lessons, quizzes, articles, analysis, charts, images, text and other material made available on the Platform, other than Customer Data.

2.6 "User" or "you" means any person who visits, registers for or uses the Platform.

2.7 Headings are for convenience only. "Including" means "including without limitation". A reference to a law includes that law as amended or replaced. Where a Nepali and an English version of a document exist, the English version prevails for this notice.

3. The Platform & Its Components

The licence in this notice covers the whole Platform, which the Agreement defines as one product made of the components below.

3.1 Public website: market information, the technical chart, the blog and learning content, and the legal centre,

SHAREROCKETPRO OFFICIAL COPY

at sharerocketpro.com.

3.2 Member portal: the practice and real-market workspaces, charts with technical indicators, watchlists, alerts, practice trading, the holdings tracker and account management.

3.3 Admin panel: the role-based control panel through which Share Rocket Pro's authorised staff manage users, content, plans, alerts, analytics, audit logs and configuration.

3.4 Mobile apps: the ShareRocketPro applications for Android and iOS, with push notifications.

3.5 Practice and competition modules: the practice-trading engine, leaderboards, levels and achievements.

3.6 AI and integrations: the configuration and orchestration of third-party AI analysis services and any authorised third-party integrations.

3.7 Backend platform: the services, real-time channels, market-data pipeline, storage and cloud deployment that run all of the above.

3.8 Each component, and any module added later under the Agreement or a change request, is part of the Platform and is covered by this notice.

4. Ownership of the Software

4.1 All Platform software is the exclusive intellectual property of Lacspace. This covers source code and object code, architecture, algorithms, database schemas, user-interface designs, AI integrations and prompts, proprietary libraries and packages, build and deployment tooling, and documentation, in every version, update and derivative.

4.2 The software is licensed, not sold. No title or ownership passes to Share Rocket Pro or to any user. It is never provided under the MIT, GPL, Apache or any other open-source licence, and no source code is published.

4.3 The Platform is protected by copyright, trade-secret, trademark and other intellectual-property laws of Nepal, India and the other countries in which it is offered. Every right not expressly granted in writing is reserved by Lacspace.

4.4 Suggestions and feedback about the Platform may be used by Lacspace and Share Rocket Pro to improve it, without obligation. This never gives either company rights over your personal data beyond those set out in our Privacy Policy.

5. Licence Granted to Share Rocket Pro

5.1 Under the agreement, Share Rocket Pro holds a limited, non-exclusive, non-transferable licence to use the Platform for its own business operations and for the end users it serves.

5.2 Without Lacspace's prior written consent, Share Rocket Pro may not:

a. resell, sublicense, rent, white-label or transfer the Platform or any part of it;
b. copy, modify, reverse-engineer or decompile the software, or create derivative works from it;
c. use the software, its designs or its documentation to build a competing product.

5.3 The licence ends if the agreement is terminated, including for continued non-payment. On termination, Share Rocket Pro's business and customer data is made available to it for export for thirty (30) days.

6. The Lacspace Client Licence in Practice

The Lacspace Client Licence v1.0 covers bespoke software built for a single client under a signed engagement. For ShareRocketPro it works as follows.

6.1 Use within scope. Share Rocket Pro may use the Platform within the product and scope named in the Agreement: its NEPSE information, analysis and training service and the users of that service.

6.2 Ownership per contract. The Agreement keeps intellectual-property ownership with Lacspace and grants Share Rocket Pro a use licence. No assignment of intellectual property has been made.

SHARE ROCKET PRO OFFICIAL COPY

6.3 Delivered privately. Components built for this Platform are delivered privately to Share Rocket Pro. They are not published to public package registries or code repositories.

6.4 No redistribution. The Platform may not be redistributed, resold or offered to other businesses beyond the agreed scope.

6.5 Scope-bound support. Maintenance, support and updates are provided as the Agreement sets out. Work outside the agreed scope is handled as a change request.

6.6 Confidential handling. Deliverables, source code and technical documentation are handled under the confidentiality terms of the Agreement.

7. Brand, Attribution & Data Ownership

7.1 "ShareRocketPro", "Share Rocket Pro" and their names, logos and brand assets belong to Share Rocket Pro Pvt. Ltd. See our Trademark Policy.

7.2 "Lacspace" and the Lacspace logo are trademarks of Lacspace Corporation Pvt. Ltd. They appear on the Platform only as the technology-partner credit ("Technology & infrastructure partner: Lacspace"), which the agreement requires and which may not be removed or altered.

7.3 Share Rocket Pro owns all business and customer data entered into the Platform, including your account, portfolio and activity data. Share Rocket Pro is the data controller. Lacspace processes that data only to build, host, secure and support the Platform on Share Rocket Pro's instructions, and neither company sells it to anyone.

7.4 How your personal data is collected, used, kept and deleted is set out in our Privacy Policy and Data Retention policy.

8. Data Processing Roles

8.1 Controller and processor. For personal data on the Platform, Share Rocket Pro is the controller and decides why and how it is processed. Lacspace acts as processor and processes it only on Share Rocket Pro's documented instructions and under the Agreement.

8.2 Purpose limitation. Lacspace processes Customer Data only to build, host, secure, back up, support and improve the Platform for Share Rocket Pro. It does not use Customer Data for its own marketing, does not sell it, and does not share it except as needed to run the Platform.

8.3 Service providers. The Platform relies on service providers such as cloud hosting, messaging, push-notification and AI providers. They receive only the data needed for their function and are bound by their own terms and data-protection commitments. The categories are listed in our Privacy Policy.

8.4 International processing. Some service providers may process or store data outside Nepal. Reasonable steps are taken to keep that data protected wherever it is processed.

8.5 Access by staff. Access to Customer Data by Lacspace engineers and Share Rocket Pro staff is limited to what their role requires, protected by role-based permissions, and logged.

8.6 Security incidents. If a security incident affecting personal data occurs, Lacspace informs Share Rocket Pro without undue delay, and Share Rocket Pro handles notification to users and authorities as the law requires.

8.7 Deletion and export. When an account is deleted, personal data is deleted or anonymised as set out in our Data Retention policy. If the Agreement ends, Share Rocket Pro may export its Customer Data for thirty (30) days, after which it is deleted from the Platform except where the law requires it to be kept.

9. Confidentiality & Trade Secrets

9.1 The Software, its source code, architecture, security design, infrastructure details and technical documentation are confidential trade secrets of Lacspace.

SHAREROCKETPRO OFFICIAL COPY

9.2 Share Rocket Pro's non-public business information, user base and data are confidential to Share Rocket Pro.

9.3 Each company keeps the other's confidential information secret, uses it only for the purposes of the Agreement, and protects it with at least the care it uses for its own. This duty continues for three (3) years after the Agreement ends, and for trade secrets and Customer Data for as long as they remain confidential.

9.4 Nobody may use access to the Platform, an account, an admin role or a support conversation to obtain the Software or any confidential technical information.

10. Lacspace Technology

10.1 The Platform is built on Lacspace's own technology: its proprietary platform code and its own library of security-vetted packages, maintained by Lacspace's engineers. Under the agreement, dependencies are curated by Lacspace rather than taken unreviewed from public package registries.

10.2 Lacspace's openly published developer packages are documented on the Lacspace Developer Platform and carry the Lacspace Free Licence. Components built for this Platform alone are delivered privately under the Lacspace Client Licence and are not published.

10.3 For security reasons, we do not publish the Platform's architecture, infrastructure, hosting providers, frameworks or package versions. Security researchers who need technical detail should use our Responsible Disclosure policy.

11. Security & Data Integrity Commitments

The agreement commits the Platform to the following standards.

11.1 Encryption of data in transit and at rest, hashed passwords, and secure handling of personal data.

11.2 Least-privilege, role-based access for staff, session expiry, rate limiting, brute-force protection, and an audit trail of administrative actions.

11.3 Server-authoritative records: balances, positions, profit and loss, rankings and entitlements are computed on the server, never trusted from a device.

11.4 Automated backups with defined retention and a documented restore procedure.

11.5 Market-data integrity: missing or unavailable data is labelled as such with its last-updated time. The Platform never fabricates or estimates market prices.

11.6 Development aligned with OWASP security practices, with version control and controlled releases.

12. Your Licence as a User

12.1 Subject to our Terms of Use, Share Rocket Pro grants you a personal, limited, non-exclusive, non-transferable, revocable right to use the Platform for lawful, personal, non-commercial purposes.

12.2 You must not, directly or indirectly, and must not help anyone else to:

a. copy, modify, translate or create derivative works of the Platform, its software, designs, charts, course content or data;
b. reverse-engineer, decompile, disassemble or attempt to obtain the source code, algorithms or AI prompts, except where the law expressly allows it despite this restriction;
c. scrape, crawl, bulk-download, mirror, frame or systematically extract the Platform, its market data, historical prices, analysis or course material, by any automated or manual means;
d. use the Platform, its data or its outputs to build, train, test or benchmark a competing product, dataset or AI model;
e. resell, sublicense, rent, white-label, share paid access or commercially redistribute the Platform or anything obtained from it;
f. bypass, probe or test any security control, rate limit or access restriction without written authorisation;

SHAREROCKETPRO OFFICIAL COPY

g. remove, obscure or alter any copyright, licence, trademark or attribution notice, including the technology-partner credit.

12.3 Access to the Platform is logged. Breach of these terms may lead to immediate suspension or termination of your account, removal of content, and civil or criminal action under the laws of Nepal and any other applicable law.

13. Acceptable Use & Conduct

13.1 You must use the Platform lawfully, honestly and in good faith, in line with our Acceptable Use Policy and Community Guidelines.

13.2 In particular, you must not:

a. upload or share unlawful, infringing, defamatory, harassing or hateful material;
b. spread malware, phish, or attempt to break authentication or take over another person's account;
c. manipulate prices, rankings, referrals, reviews or usage figures, or use multiple accounts to gain an advantage;
d. present the Platform's analysis, charts or AI output as personalised investment advice, or sell it as a signal or tip service;
e. impersonate Share Rocket Pro, Lacspace, their staff or any other person, or imply an endorsement that does not exist;
f. use the Platform in breach of securities, data-protection, consumer, sanctions or other applicable law.

14. Monitoring, Rate Limits & Automated Access

14.1 To protect the Platform and its users, access is logged and monitored for abuse, and technical rate limits and fair-use thresholds apply.

14.2 Automated access, including bots, crawlers, scripts, headless browsers and unofficial clients, is not allowed unless Share Rocket Pro has authorised it in writing. Search-engine indexing of public pages is permitted as set out in the site's robots instructions.

14.3 Requests that exceed limits, attempt to evade them, or threaten the stability of the Platform may be throttled, blocked or suspended without notice.

14.4 Logs are used for security, abuse prevention, debugging and enforcement, and are handled as set out in our Privacy Policy.

15. Market Data & Course Content

15.1 Live NEPSE market information on the Platform comes from Share Rocket Pro's own NEPSE data platform. Daily price history for earlier years includes the open nepal-market-data dataset (MIT licence), credited on our Trust page, adjusted for bonus and right shares where the exchange's published figures allow.

15.2 Practice-market prices used for paper trading are generated by the Platform. They start from and loosely track real NEPSE prices but are not official NEPSE prices or quotes.

15.3 Courses, lessons, quizzes, articles and analysis are the copyright of Share Rocket Pro or its licensors and are licensed to you for personal study only.

15.4 Market data, analysis and course content are provided for information and education only. They are not investment advice. See our Risk Disclosure and Disclaimer.

16. Third-Party & Open-Source Components

16.1 Like most software, the Platform includes some third-party and open-source components. Each keeps its own licence, which applies to that component only. Their inclusion does not make the Platform's proprietary software open-source, and nothing in those licences grants any right in it.

SHAREROCKETPRO OFFICIAL COPY

16.2 Charts use TradingView Lightweight Charts, Copyright © TradingView, Inc. (tradingview.com), under the Apache License 2.0. TradingView is not affiliated with Share Rocket Pro or Lacspace and does not endorse the Platform.

16.3 Third-party services that the Platform connects to, such as app stores, notification and messaging providers or AI providers, are governed by their own terms.

16.4 Copies of the licence notices for third-party components are available on request from compliance@lacspace.com.

17. AI Features

17.1 Where the Platform offers AI-assisted features, they use third-party AI providers through Lacspace's integration. Their output is probabilistic and may be inaccurate or incomplete.

17.2 AI output is not financial, investment, legal or tax advice and must be reviewed by a person before anyone relies on it. You must not use AI features to extract prompts or models, to bypass safety controls, or for any use prohibited by the Lacspace Master License.

18. Infringement, Takedown & Counter-Notice

18.1 If you believe the Platform contains material that infringes your copyright, trademark or other rights, write to info@sharerockets.com with a copy to legal@lacspace.com.

18.2 A notice should include:

a. your name and contact details, and the rights you hold or represent;
b. a description of the work or mark you say is infringed;
c. the exact location on the Platform of the material concerned;
d. a statement that you believe in good faith the use is not authorised, and that the information in your notice is accurate.

18.3 We review every complete notice, may remove or disable the material while we do, and inform the user who posted it where appropriate. That user may send a counter-notice explaining why the material is lawful.

18.4 If you find a copy, clone or unauthorised use of the Platform, its Software, designs or Content elsewhere, report it to abuse@lacspace.com. Lacspace and Share Rocket Pro act on such reports, including through platform takedown requests and legal action.

18.5 Accounts of repeat infringers are terminated.

19. Updates, Availability & Changes to the Platform

19.1 Lacspace maintains the Platform and releases updates, security fixes and improvements. Some updates are delivered automatically, including over-the-air updates to the mobile apps.

19.2 Features may be added, changed or withdrawn. Where a change materially reduces the service you use, Share Rocket Pro will tell you in advance where reasonably possible.

19.3 The Platform aims to be available at all times but may be interrupted for maintenance, updates, security measures or events outside our control. Real-market data follows NEPSE's trading calendar and feed availability.

19.4 Every update, fix and new feature is part of the Software and is covered by this notice.

20. Warranty & Liability

20.1 The Platform is provided "as is" and "as available". To the extent the law allows, neither Share Rocket Pro nor Lacspace warrants that it will be uninterrupted, error-free or fit for a particular purpose.

20.2 Outages or changes by third-party services, such as cloud providers, data feeds, AI providers, app stores and messaging providers, are outside both companies' control.

SHARE ROCKET PRO OFFICIAL COPY

20.3 You are solely responsible for your own trading, investment and business decisions. Your rights and remedies as a user are set out in our Terms of Use, which govern your relationship with Share Rocket Pro.

21. Suspension & Termination

21.1 Share Rocket Pro may suspend or end your access if you breach this notice, the Terms of Use or the law, if your use creates a security or legal risk, or if it must do so to comply with a legal obligation.

21.2 You may stop using the Platform at any time and delete your account from the app or by contacting us.

21.3 Either company may end the Agreement for an uncured material breach, and the licence to Share Rocket Pro ends with it. If that happens, users will be told what it means for their accounts and data.

21.4 When your access ends, your right to use the Platform stops immediately. The sections on ownership, confidentiality, restrictions, liability, enforcement and governing law continue to apply.

22. Export Controls, Sanctions & Anti-Corruption

22.1 You must not use or access the Platform in breach of export-control or sanctions laws that apply to you, Share Rocket Pro or Lacspace, or on behalf of a person subject to such sanctions.

22.2 Share Rocket Pro and Lacspace conduct their business without bribery or corruption, and expect the same of everyone who works with them on the Platform.

23. Governing Law & Enforcement

23.1 The agreement between Share Rocket Pro and Lacspace is governed by the laws of Nepal, with disputes resolved by negotiation and then arbitration in Kathmandu.

23.2 Your use of the Platform is governed by our Terms of Use.

23.3 Lacspace and Share Rocket Pro may each enforce the restrictions in this notice to protect their respective rights, including by seeking urgent injunctive relief from a competent court.

24. Changes to This Notice

24.1 We may update this notice to reflect changes to the Platform, the Agreement, the Lacspace licence framework or the law. The version number and effective date at the top show the current version.

24.2 If a change materially affects your rights, we will give reasonable notice on the Platform or by e-mail before it takes effect. Continuing to use the Platform after the effective date means you accept the updated notice.

24.3 Earlier versions are available on request from info@sharerockets.com.

25. General Provisions

25.1 Severability. If any part of this notice is found invalid or unenforceable, the rest remains in force, and the invalid part is applied to the greatest extent the law allows.

25.2 No waiver. A failure or delay in enforcing any right is not a waiver of it.

25.3 Assignment. You may not transfer your rights under this notice. Share Rocket Pro and Lacspace may transfer theirs as part of a reorganisation, merger or sale, with this notice continuing to protect you.

25.4 Relationship. Share Rocket Pro and Lacspace are independent companies. The Agreement does not create a partnership, joint venture or agency, and Lacspace is not the operator of the service you use.

25.5 Third-party rights. Lacspace may enforce the parts of this notice that protect its Software, trademarks and confidential information, even though it is not the party providing the service to you.

25.6 Entire notice. This notice, read with the Terms of Use and the policies it references, sets out the licensing position of the Platform for users. It does not change the Agreement between Share Rocket Pro and Lacspace.

SHAREROCKETPRO OFFICIAL COPY

26. Ownership Summary

Who owns what on the Platform, in one place.

26.1 Platform software, source code, architecture, designs, database schemas, AI integrations and proprietary packages: Lacspace Corporation Pvt. Ltd. Licensed to Share Rocket Pro, not sold.

26.2 The ShareRocketPro name, logos and brand assets: Share Rocket Pro Pvt. Ltd.

26.3 Business data, user accounts, portfolio records and activity data (Customer Data): Share Rocket Pro Pvt. Ltd., as data controller. Lacspace processes it only on Share Rocket Pro's instructions.

26.4 Courses, lessons, quizzes, articles and analysis: Share Rocket Pro Pvt. Ltd. or its licensors.

26.5 Content you post yourself, such as profile details or community posts: you, with the licence to host and display it set out in our Terms of Use.

26.6 Live NEPSE market data: Share Rocket Pro's data platform. Historical daily prices: partly the open nepal-market-data dataset, under its MIT licence.

26.7 Third-party and open-source components: their respective owners, under their own licences.

26.8 The "Lacspace" name and logo: Lacspace Corporation Pvt. Ltd., shown only as the technology-partner credit.

27. Questions & Answers

Plain-language answers to common questions. The sections above are what legally apply.

27.1 Who runs ShareRocketPro? Share Rocket Pro Pvt. Ltd., a Nepali company in NEPSE market information, analysis and training. It decides what the service offers and is responsible to you for it.

27.2 Then what does Lacspace do? Lacspace is the technology partner. It designed and built the software and keeps it running, secure and up to date, under a signed agreement with Share Rocket Pro.

27.3 Is ShareRocketPro a broker? No. It is an analysis and education service. It places no real orders and holds no money or shares for anyone. Practice money has no cash value.

27.4 Can I see or reuse the source code? No. The software is proprietary and is not open-source. No source code is published, and copying or reverse-engineering it is not allowed.

27.5 Who can see my data? Share Rocket Pro, as the controller, and Lacspace engineers only where needed to run and support the Platform, with role-based access and logging. Neither company sells your data.

27.6 Why don't you list the technology the Platform uses? Publishing the architecture, frameworks, hosting and versions would help attackers. Researchers can reach us through our Responsible Disclosure policy.

27.7 Can I build a tool on top of ShareRocketPro's data or charts? Not without written permission from Share Rocket Pro. Scraping, bulk-downloading or reusing the data, charts or analysis in another product is prohibited.

27.8 Can I share screenshots? You may share occasional screenshots of your own screen for personal, non-commercial discussion, provided the ShareRocketPro name and notices stay visible. Selling them, using them as a paid signal service, or presenting practice results as a real-money trading record is not allowed.

27.9 What happens if the agreement between the companies ends? Share Rocket Pro will tell users what it means for their accounts, and its data can be exported for thirty (30) days.

27.10 Where can I read Lacspace's own licence terms? At lacspace.com/license and lacspace.com/licenses.

28. Reporting & Contact

28.1 Your account, the service or this notice: Share Rocket Pro at info@sharerockets.com.

28.2 Security vulnerabilities: security@lacspace.com, following our Responsible Disclosure policy. We do not

SHAREROCKETPRO OFFICIAL COPY

take action against good-faith reporters.

28.3 Suspected copying, scraping, cloning or other misuse of the Platform: abuse@lacspace.com. Software licensing and open-source notices: compliance@lacspace.com. Legal notices to Lacspace: legal@lacspace.com.

28.4 Lacspace's full licence framework is published at lacspace.com/license, lacspace.com/licenses and lacspace.com/legal.

This document is issued by Share Rocket Pro Pvt. Ltd. and sets out its policies in plain language. It is not legal advice to you; for advice about your own situation, consult a qualified lawyer.
